PRODUCT GUIDE

HANG GLIDER SERIES 2

- Weighing on the go
- Wireless communication
- Rugged bullet proof design

■ ABOUT THE HANG GLIDER SERIES 2

This Hang Glider Series 2 Crane Scale was designed to keep crane operators safe by keeping them out of harm's way when reading weights from slung loads. Hang Glider Series 2 Crane Scale, with the RW Wireless Crane Scale gives the crane operator a line of sight to the Weight Indicator eliminating the need to stand under a heavy load suspended above. The Hang Glider Series 2 Crane Scale sends the digitally captured weight directly to the Wireless Indicator.

With the tough new OH&S laws, not only is this dangerous to life and limb, but could also prove costly. Workers safety is paramount & ensured without the risk and danger of a heavy load directly suspended above their heads.

■ WHO IS “AUSTRALIAN WEIGHING EQUIPMENT GROUP”

Jeff & Trevor Baillie started Australian Weighing Equipment (or AWE) in 1981, focusing on weighing solutions based on engineering principles. For nearly 40 years AWE has built its reputation as a leading supplier of robust weighing, packaging & bulk handling equipment. Our innovative engineering and continuous product developments have led to designs that will stand up to the rigours and demands of your applications.

AWE has increased its investment in manufacturing facilities with a new 3,200sq/m factory in Sydney which has

- A CNC Machine Shop
- Heavy Metal Fabrication Shop
- Larger work areas for our team of qualified tradesman

Acquisitions of Bradwood Packaging and Dendy Packaging and Design Engineering has increased our packaging and engineering experience.

In 2008, AWE established a manufacturing facility in China - AWE Group Packaging and Bulk Materials Handling Equipment, a purpose-built 5,000sq/m factory in Suzhou China (70kms From Shanghai).

All of the products we offer are Australian designed and manufactured under our strict quality control system in our own factories both locally and internationally.
