POSSUM COUNTING SCALE

- High internal resolution
- Rechargeable battery
- Remote display

■ ABOUT THE POSSUM COUNTING SCALE

The Possum Counting Scale comes in capacities from 6kg to 30kg and has an accuracy of 1/30,000 with an internal resolution of 1/600,000, enabling it to count very small parts with precision. You get great accuracy with high counting resolution and high weight display resolution- ideal for parts counting, sampling or check weighing.

You can use the Possum Counting Scale in your production lines, order picking stations and in warehouse goods receipt and dispatch areas. With an extensive range of weighing and counting functions, Possum Counting Scales will improve your reliability by eliminating errors and unnecessary repetition during large volume counting jobs. You can even add an optional second scale platform to allow fast accurate counting and weighing of large capacity products.

■ WHO IS “AUSTRALIAN WEIGHING EQUIPMENT GROUP”

Jeff & Trevor Baillie started Australian Weighing Equipment (or AWE) in 1981, focusing on weighing solutions based on engineering principles. For nearly 40 years AWE has built its reputation as a leading supplier of robust weighing, packaging & bulk handling equipment. Our innovative engineering and continuous product developments have led to designs that will stand up to the rigours and demands of your applications.

AWE has increased its investment in manufacturing facilities with a new 3,200sq/m factory in Sydney which has

- A CNC Machine Shop
- Heavy Metal Fabrication Shop
- Larger work areas for our team of qualified tradesman

Acquisitions of Bradwood Packaging and Dendy Packaging and Design Engineering has increased our packaging and engineering experience.

In 2008, AWE established a manufacturing facility in China - AWE Group Packaging and Bulk Materials Handling Equipment, a purpose-built 5,000sq/m factory in Suzhou China (70kms From Shanghai).

All of the products we offer are Australian designed and manufactured under our strict quality control system in our own factories both locally and internationally.
